## **MATHS AND THE ENVIRONMENT**

Go around and take a look at all the displays, see if you can answer these questions.

1) Draw your favourite publicity motif. Describe 2 things in the motif that are math related.

2) Investigate the Maths Photography photos. Are there any common themes between them?

3) Look for a class project that has been awarded Excellence. List 3 things that you think made it an Excellence winning project.

-

4) Wearable Maths! Name a place where you might wear one of these designs. Why would you wear it at this place?

5) Puzzle Time: Write down the rules to your favourite puzzle on display. Why is it a great puzzle? Name 2 groups of people that you can play this puzzle with.

6) Thinking forward: Which of these categories do you want to enter in for the 2019 Cantamath, and what ideas do you have for your display?
